Water/Sewer Billing Changes

Effective July 1, 2009, water and sewer rates will be increasing for residents and businesses within the city limits. Here are a few highlighted changes: A 7.5% increase will be in effect for sewer rates - this is due to our contracted rate with the City of Stayton increasing by 7.5%. Water base rates will be increasing from \$5 to \$7 for residential customers and water usage rates will also be slightly increased depending on gallons used. Commercial base rates will vary depending on meter size. Shut-off/delinquent account fees will be increasing from \$10 to \$25 and NSF fees will now be \$25. Rental deposit fees will be increasing from \$50 to \$75. Changes have been made to the water/sewer waiver process as well. If you would like a copy of Ordinance 711 which outlines the new fees and changes, please feel free to contact city hall during normal business hours.
