Cold Weather Tips

- ◆ Turn off outdoor faucets and be sure to disconnect hoses from them. Make sure the faucet and outside portion of the pipes are fully drained. A valve inside many houses will shut off the water flow; then open and close the tap outside to release any water in the pipe.
- ◆ Insulate water pipes that may be vulnerable to the cold or have caused problems before. Pipes close to exterior walls can be wrapped with pieces of insulation. For difficult pipes, consult a professional on how to select and apply heat tape. Caution: improper use of heat tape can cause fires. Pay special attention to indoor water meters. If the meter freezes, it can cause your basement to flood. Never put heat tape on the water meter to avoid damaging plastic components of the meter.
- ◆ Before cold weather hits; know the location of your water shut-off valve and test it regularly. If a pipe breaks, you won't want to have to find it at that time.
- ◆ Turn off and drain automatic and manual sprinkler systems before the first freeze.
- ◆ If it gets below freezing for a longer period of time, keep cabinet doors leading to exposed pipes (such as access doors for sinks) open so that household air can warm them. If you have an attached garage, keep its doors shut. Crack a faucet farthest from the space where your water enters the house. A very slow drip will keep water molecules moving, reducing the chance that pipes will freeze.

SUBLIMITY MASTER PARK PLAN

COMMUNITY OPEN HOUSE #1- YOUR INVITED!

WEDNESDAY

Dec 8

6-8 PM

Sublimity City
Hall

Council Chambers

245 NW Johnson
St Sublimity OR
97385

Come Provide Input on the Preferred Master Plan Design!

The City of Sublimity and the Sublimity Park and Recreation Committee have been working together on a long term master plan for the future of Sublimity.

We want to show you the park designs and concepts we have, and get your thoughts on park improvements and proposed future parks that reflect community and city input.

These park plans and designs will be coming to your neighborhood through the next 20 years, so your input will help define the future of Sublimity Parks.

Coffee
and
Refreshments
will be served.

**MASKS WILL BE
REQUIRED INSIDE
THE BUILDING**

Frequently asked Questions at City Hall

Along with City Ordinance, you should always check with your CCR's before building accessory structures or parking a recreational vehicle in your driveway. CCR's take precedence over the City Ordinances.

Lost and Found: City Hall has a lost and found. If you have lost something in one of the City parks, be sure to check with City Hall to see if it has been turned in. If you find that someone has left a belonging behind, you can turn it in to City Hall.

Backflow Devices: Backflow devices must be tested annually. A list of backflow inspectors can be found on the City website or at City Hall.

Building a fence? Please make sure you contact City Hall for a permit. Although there is no fee to build a fence, the city does have codes that need to be followed and they require approval.

Building a storage shed? Sheds under 200sq feet do not require a permit. If you are building anything bigger you must get a structural permit from the city and follow city codes.

Parking on Street: NO Parking of Cargo Trailers, RVs, Boats or any vehicle of any type is allowed on the street for
